Tripod

THE TIMELESS TRIPOD SCREEN

INSTRI screens are ideal for itinerant shows or for occasional use. The square format and the continuous system to adjust the height allow you to adapt the image size for all formats: 1:1, 4:3, 16:9. In addition to benefiting from a thick canvas, INSTRI also has a resistant spring and an anticorrosion treatment of the carter for a long time use. A quality screen that fits everywhere !
