

Legend™ 230SR Beam

About this light

Legend™ 230SR Beam is a compact beam fixture featuring the new Osram Sirius lamp. This 230-watt lamp produces an intense 96,000 lux at 15 meters thanks to precision glass optics and a tiny 2.25-degree beam angle. This fast, agile fixture also features a zooming 8-facet prism and 17 gobos (plus open) for beam shaping effects, along with automated focus. A 14-slot (plus open) color wheel is capable of delivering seamless split colors and a frost filter to widen and soften the beam.
