

# ISN110

9.5" & 10.5" fixed shelf - 1 unit

The ISN110 is a fixed 9.5" and 10.5" fixed shelf that is constructed out of cold rolled steel. The special cutout structure allows easy and effective rack assembly for any device which is not fitted with 9.5 or 10.5 mounting features. This shelf is finished with a black (RAL9004) powder coating with fine structured finish which ensures an improved scratch resistance.
